

## Essential Skills of Leadership

### Course Description

*Essential Skills of Leadership* is one of two foundation courses in the Leadership Series, which help to develop skills that are basic to all the other courses in the series. Learners acquire these skills through a variety of exercises and skill building techniques. The audience for this course consists of team leaders, supervisors, and first-line managers.

*Essential Skills of Leadership* is the first step to developing successful managers. By focusing on three critical management skills, the program establishes a methodology for productive interactions between team members and team leaders. *Essential Skills of Leadership* helps experienced managers, new managers, and aspiring managers refocus on the basics—the skills they will require to manage the individual while also leading the team.

### Course Objectives

Like the team leader in the video, when you have completed the *Essential Skills of Leadership* course, you will be able to:

- Deal with your team members on a day-to-day basis in such a way as to maintain and enhance their self-esteem.
- Base your discussions about performance and work habits on your team member's behaviors rather than on their personalities or attitudes.
- Involve your team members in setting goals, solving problems and making decisions.
